HOW TO TEST YOUR CONNECTION PRIOR TO THE CONFERENCE?

In this very first step, you need to check your connection and hardware by using our preview system. This step is crucial. Please make sure you go through it before the Conference starts. Please do this test on the network and with the equipment which you are going to use to deliver your talk.

Enter SPEAKERS READY ROOM – IF YOU DON'T SEE IT, PLEASE LET US KNOW.

Go through the entire 5-step process.

This process checks that:

- 1. You use the latest version of a supported browser. (Chrome or MS Edge). Older browsers may not be supported! Please make sure to update it. Do not use iPhone, iPad or Android phones/tablets for your talk/presentation. Use a full desktop browser on your laptop or PC.
- 2. Your connection is stable.
- 3. Your camera and microphone are enabled.
- 4. Red text means there is a problem with some of your components and needs to be resolved.
- 5. The test will finish with a four digit PIN. This is a sign for you that all went well.

Use the Speaker Preview at the end of the process to see how you will look while presenting.

Make sure Chrome or Edge is NOT MUTED:

- 1. Right click on this icon in your taskbar
- 2. Select "Open Volume mixer"
- 3. Check if browser is not muted

HOW TO CHECK YOUR PARTICIPATION DURING THE CONFERENCE?

After going through the previous step, you can check MY REMOTE PARTICIPATION tab. In this tab, you will see all your sessions, which you actively participate in. This is where you will be accessing your active sessions during the Conference.

This event is organized by the Czech Centre for Phenogenomics supported by the grant LM2018126 of the Ministry of Education, Youth and Sports (Programme for Large Infrastructures for Research, Experimental Development and Inovation, 2020 – 2022).

Your role as a Chair

- Open the session and introduce the speakers.
- Inform participants that they can insert written questions on the platform anytime during the talk. Note there will be space to ask a live video question using sound and screen in the "Discussion with speakers" part.
- Moderate the "Discussion with speakers" (Q&A's) at the end of the session. Questions may be written or participants raise their hands so they want to ask directly by their sound and screen. After you accept them you name one of interested and invite for the discussion.
- Most importantly, keep the session on time.

HOW WILL IT WORK DURING THE CONFERENCE?

The official time zone of the 6th CCP Phenogenomics Conference 2024 is Central European Summer Time (UTC+2). The official programme will start on Tuesday, 17th September, at 9:30 AM.

First, please log in into the virtual platform (details above). Please join your active session 15 minutes before each session starts.

Our technician will welcome you and guide you through the interface.

- Once the session starts, you will introduce each speaker before his presentation.
- You (as well as the speakers) will also see the countdown once any presentation starts, so that you can interfere if necessary to keep the session on time.
- "Discussion with speakers" is at the end of each session. Your role is to moderate this part. Participants will be watching the live stream with presentation and they can type in questions. In your interface you will see the question tab with all questions listed for the particular speaker. You will select one, read it for the speaker to answer.

You will also give floor to participants who wish to ask question face-to-face. This interested one will raise his hand and after your invitation he will be placed in the conference using his sound and screen. Everyone will then see and listen him.

• Encourage audience for interaction

Should you have any questions or requests, please contact us at any time.
